2	<p>Talk by young people from Pool Academy, introduced by Miss Claire Meakin, Principal, Pool Academy</p> <p>Claire Meakin introduced Pool Academy’s Head Girl and Head Boy, Holly and Matthew.</p> <p>Holly and Matthew explained they had a number of activities they hoped the panel could help them with. They began by asking everyone to list the three words that best describe a teenager. To get everyone started Holly and Matthew shared with the panel what three words they thought best described an adult. One of the words put forward to describe a teenager was thoughtful. ZF gave an excellent example of where a group of teenagers had been thoughtful towards others and acted in a thoughtful way.</p> <p>The next exercise was to decide on a student project for the community. Holly gave 2 suggestions: 1. Work with some local artists to put some art out into the community and make the community more welcoming. 2. Address the problem of loneliness for older people in the community by introducing the young to elderly residents. Matthew gave another 2 suggestions: 1. Community Fete so community can get to meet the students and challenge stereotypes of teenagers 2. Invite representatives of community groups to come and do an assembly for Pool Academy students. Everyone was asked to vote for their top project. After collating the results Holly and Matthew announced the most popular idea was a project to address loneliness in the community. Holly and Mathew promised to report back to the panel on Tuesday 13th November with a project update. CT and DA both agreed this was an excellent project and added that loneliness doesn’t just affect the elderly it affects the young too. CT offered to come into the school and talk to the children about loneliness.</p> <p>IT thanked the students for a very interesting talk.</p>	
3	<p>Update on Highways Budget Charlotte Caldwell, Community Link Officer</p> <p>CC gave an update on the TRO and Highways Scheme lists.</p>	

	<p>All requests have now been received and collated. These are contained in 2 lists on your table: 'Scheme Viable' and 'TRO Viable'. We need your approval to take through the entire TRO list on block. Jeff Collins wanted location of DYLS on point 2 of TRO list clarified; should read "at the end of the driveway". Agreed AD has already indicated this is viable. EA to update list. No objections TRO list was approved.</p> <p>Everyone was asked to pick their top 6 Highways Schemes, number them clearly on the 'Scheme Viable' list and hand in with their name and organisation. CC and EA to collate.</p> <p>IT updated the panel on his mandate to write to Cllr Geoff Brown Portfolio holder for transport. Cllr Brown has advised a decision will be made on the surplus after December.</p>	<p>EA</p> <p>EA/CC</p>
